### Our Mission...

To create a medical home for uninsured families and individuals in the communities that we serve. We strive to empower our patients by educating them on ways to achieve and maintain a healthier lifestyle for themselves and their loved ones. ❤️

## A Message from the Executive Director

What a challenging year!

Under the Patient Protection and Affordable Care Act, many North Carolinians without health insurance received coverage. Since the United States Supreme Court held that states cannot be forced to participate in the ACA's Medicaid expansion, our state is one where reduced patient coverages result in higher percentages of the uninsured. Many patients no longer qualify for Medicaid or earn enough income to shop for insurance plans in the marketplace.

A recent report estimates the % of uninsured residents in Mecklenburg County is slightly higher than the state, 13.3% v 13.1% (State of the County Health Report, 2015). Similarly, the US Census Bureau estimates that 14.9% of Mecklenburg's residents and 14.7% of Iredell County residents are currently without insurance.

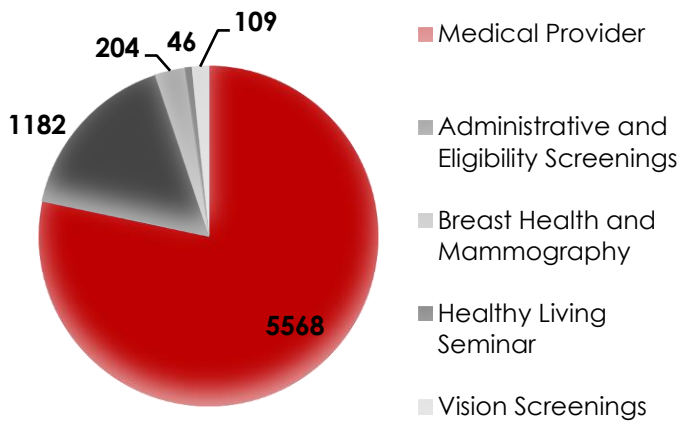

Lake Norman Community Health Clinic provides a wide range of free preventive and primary care services for the growing number of the area's low to moderate income residents in the coverage gap.

We will continue to operate as a free clinic for these individuals until all of our neighbors have access to affordable healthcare. On behalf of these individuals, the Board of Directors, staff and volunteers of Lake Norman Community Health Clinic, we thank you for your continued support!

# 2015: A Year in Review

We scheduled **7,118 patient appointments** for **1,490 unique patients** in 2015.

## 2015 Appointments

**74% of our patients' last BP was less than 140/90, 81% was less than 150/90, and the average BP of our patients was 120/80.**

Also in 2015, **87% of our patients' A1cs' were less than 9, and 67% were less than 8.**

Through our partnership with MedAssist, LNCHC provided **\$501,369 in prescription medications to patients at no cost!**

In 2015, we provided **Diabetic Strips for 282 unique patients.**

In 2015, The Lake Norman Community Health Clinic had **192 volunteers** that contributed **over 4,800 hours of service!**

## The Health of our Patients

Many of the individuals we see at the Lake Norman Community Health Clinic suffer from Hypertension and Diabetes. However, the care we provide for our patients has proven to significantly improve the health of those suffering from these chronic diseases! Thanks to your support and service, the Lake Norman Community Health Clinic will continue to improve the health of neighbors and families in our community!

# Financial Position

## Income Compared to 2013:

LNCHC's grant income nearly tripled between 2013 and 2015 to **\$292,640**. The clinic's first fundraiser, *Sunset & Sandals* grossed \$47,140.

The total estimated dollar value of services provided by LNCHC in 2015 was **\$2.6 million** which included \$1.9 million in contributed services.

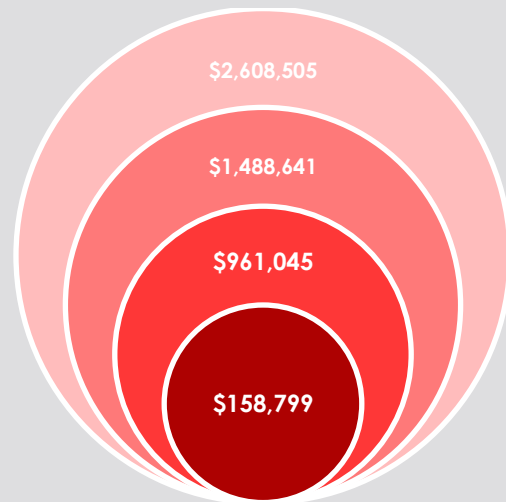

### In-kind supplies and equipment:

\$158,799.00

**Provider Appts:** \$961,065.50

**Partnerships:** \$1,488,641.00

Thank you to all of our volunteers, donors, and grantors for your support! Thanks to your generous contributions, the Lake Norman Community Health Clinic will continue to grow, operating as a free clinic for individuals in our community until all of our neighbors have access to affordable healthcare. For more information on volunteering, ways to support our work, and more, please visit our website at [www.lnchc.org](http://www.lnchc.org) and follow us on facebook and twitter, both @LNCHClinic.
